## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-7 are allowed.

The following is an examiner's statement of reasons for allowance:

Referring to claim 1, the Levine reference (US Patent 5,848,164) discloses an apparatus for emulating audio effects comprising an echo device (fig. 1: 120 & fig. 3), a reverberation device (fig. 6a-6c), an audio source device and a first signal synthesizer (fig. 7: synthesis filter bank). The Levine reference taken alone or in combination with another reference does not disclose or fairly suggest an apparatus for emulating where the echo device comprises a first delay unit, first gain unit, a second delay unit, a second gain unit, a second & third signal synthesizer and the detailed circuit interconnection among these as recited by independent claim 1. These aspects as summarized above are neither anticipated nor obvious by the prior arts of record.

Claims 2-7 depend on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
